General Information

The Department of Philosophy offers a program of graduate studies leading to the Master of Arts degree in philosophy. This curriculum is designed to provide advanced study in the field of philosophy as a basis for further graduate work and to meet the needs of students who plan to teach in colleges or hold other positions of leadership.

Admission to Graduate Study

All students must satisfy the general requirements for admission to the university with classified graduate standing as described in Part Two of this bulletin. Students may be considered for admission to the graduate program in philosophy in one of two ways.

1. Admission with classified graduate standing requires:
 - a. An undergraduate major in philosophy or a minimum of 24 units of upper division work in philosophy.
 - b. A minimum grade point average of 3.0 in upper division work in philosophy.
2. Admission with conditional classified graduate standing requires:
 - a. Twelve units of upper division work in philosophy.
 - b. A minimum grade point average of 3.0 in upper division work in philosophy.

Students admitted with a grade point average below 2.0 acquire classified graduate standing by completing sufficient units of upper division work in philosophy to yield a total, with previous work, of at least 24 such units. Units earned to complete this undergraduate requirement do not fulfill unit requirements for the master's degree. A minimum grade point average of 3.0 is required for all units attempted after admission.

Units earned to satisfy requirements for a major do not fulfill unit requirements for the master's degree. Other units *may* fulfill such requirements if earned in courses acceptable on master's degree programs in philosophy.

Students applying for admission should electronically submit the university application available at <http://www.csumentor.edu>.

The following materials should be submitted directly to the Department of Philosophy:

- (1) Two sets of official transcripts (in sealed envelopes);
- (2) GRE scores (official notification);

Advancement to Candidacy

All students must meet the general requirements for advancement to candidacy as stated in Part Two of this bulletin.

In order to advance to candidacy, every graduate student must demonstrate proficiency in a language other than English. Appropriate languages may include both the formal languages of logic and mathematics and natural languages other than English (normally French, German, Greek, Latin, or Spanish). Students shall consult with the graduate adviser to determine which language is appropriate. Proficiency in a language shall be demonstrated by earning a grade of C or more in either (a) no fewer than two lower division courses in that language or (b) at least one upper division course in that language. All grades must be earned either while the student is a graduate student in the philosophy department or at an accredited college within five years prior to admission to the graduate program in philosophy. Appropriate examinations may be given when available.

Specific Requirements for the Master of Arts Degree

(Major Code: 15091)

In addition to meeting the requirements for classified graduate standing and the basic requirements for the master's degree as described in Part Two of this bulletin, the student must complete a program of 30 units of upper division and graduate courses selected with the approval of the graduate adviser.

Students must complete a minimum of 24 units from courses in philosophy listed below as acceptable on master's degree programs. The 24 units shall include (1) either 796 or 799A and (2) a minimum of 12 units but a maximum of 18 units in 600-numbered courses.

At the beginning of every fall semester, every graduate student must attend an orientation designed to familiarize students with the program and to facilitate community.

Students in the program may elect one of two plans, A or B, to complete the requirements for the degree. Plan A requires the writing of a thesis under Philosophy 799A as part of the outlined course program. If Plan B is elected, the student must pass a comprehensive examination, consisting of two written and one oral, and complete three units in Philosophy 796.

The master's examination shall be conducted by a committee of at least three members selected by the graduate adviser after consultation with the student. Each of the written parts of the examination will be based on a bibliography drawn up by the committee administering the examination after consultation with the student. The oral part of the examination will be in a specific problem area or on a major philosopher. At least three weeks prior to the end of the semester preceding the semester of the examination, the student will consult with his or her committee to determine the bibliographies for the written exams and the subject matter for the oral exam. This consultation must be completed no later than three days after the official close of the semester. A

student will not be permitted to enroll in Philosophy 796 if this consultation has not been completed. The master's examination may be repeated only once.

As a requirement for graduation, every graduate student must orally present a paper to a public audience at SDSU. The paper must be based on work done by the student in the field of philosophy toward the satisfaction of his or her graduate degree requirements in the department. Students and the graduate adviser will arrange for the public presentation.
