
Message from the Dean

It is with great pleasure that we present the 2002-2003 Bulletin of the Imperial Valley Campus of San Diego State University. Its publication coincides with the Campus' forty-two years of providing higher education to the students of Imperial Valley. During this time we have evolved from an institution created to grant elementary teaching credentials to one which now offers a number of graduate and undergraduate degrees, as well as credentialing programs. Our students receive their education through the use of classroom lectures by a group of highly qualified faculty with strong international orientation. Additionally, our students benefit from the location of the Campus a few blocks from an international border and in the midst of one of the largest agricultural producing regions of the world.

To augment the in-class education of our students, the Campus supports a variety of student activities under the auspices of Associated Students Council. These activities, plus cultural and social activities and international travel groups, play an important role in overall development of the students of this Campus.

We take pride in the educational process at the Imperial Valley Campus of San Diego State University and look forward to welcoming you to our Campus.
