# Message from the Dean

It is with great pleasure that we present the 2004-2005 Bulletin of the Imperial Valley Campus of San Diego State University. Its publication coincides with the Campus' 46 years of providing higher education to the students of Imperial Valley. During this time we have evolved from an institution created to grant elementary teaching credentials to one which now offers a number of graduate and undergraduate degrees, as well as credentialing programs. Our students receive their education through the use of classroom lectures by a group of highly qualified faculty with strong international orientation. During the 2004-2005 academic year, we will expand our campus by opening the north site in Brawley. This expansion will allow us to better serve our students. Now, our students will benefit from two campus locations, one a few blocks from an international border, and the other in the midst of one of the largest agricultural producing regions of the world.

To augment the in-class education of our students, the Campus supports a variety of student activities under the auspices of Associated Students Council. These activities and cultural and social activities and international travel, play an important role in overall development of students of this Campus.

We take pride in the educational opportunities offered at the Imperial Valley Campus of San Diego State University and look forward to welcoming you to our Campus.

A handwritten signature in black ink that reads "Stephen B. W. Roeder". The signature is written in a cursive, flowing style.

Stephen B. W. Roeder  
Dean, Imperial Valley Campus  
San Diego State University
